ESB

SUSTAINABILITY
IS A TOP PRIORITY

For the **BASICline** we gain plastics for the production of the bases, transportrollers and shelves out of the recycling of old plastic bases. Through the use of the re-granule we can save between 2.4 kg and 4.2 kg CO_2. Our **BASICline is also** characterized by its low weight and can be, to some extend, send at low costs in one package.

»What we do today, will determine what the world looks like tomorrow.«

Marie von Ebner-Eschenbach

low self-weight enables parcel delivery

IDEAL FOR EURONORM BOXES

shelves variably insertable

rolltainer®

ANTI-THEFT

rolltainer® BASIC

- **dimensions 2-sided up to 500 kg load capacity:**
  724 x 815 x 1530 mm / interior: 664 x 815 x 1340 mm
- **dimensions 3-sided up to 500 kg load capacity:**
  724 x 827 x 1530 mm / interior: 664 x 803 x 1340 mm
- **dimensions 4-sided with a single-section door up to 500 kg load capacity:**   724 x 845 x 1530 mm / interior: 664 x 803 x 1340 mm
- **dimensions 4-sided with a two-section door up to 500 kg load capacity:** 724 x 845 x 1530 mm / interior: 664 x 801 x 1340 mm
- plastic base made of recycling material
- with two swivel and two fixed castors ø 108 mm
  wheel center: polypropylene
  tread: polypropylene
- side panel, back wall and door made of Ø 20 x 1.5 mm all around tube frame, flat bar 12 x 3.0 mm
- surface: galvanized blue

| 2-sided	KB2A90051350CS0C801R
3-sided	KB3A90051350CS0C801R
4-sided with single-section door	KB4A90051350CS0C901R
4-sided with two-section door	KB4A90051350CS0C801R

- **ideal for Euronorm boxes (also 4-sided)**
- **low self-weight**
- **light version**
- **parcel delivery possible**

shelf

- **2- / 3- / 4-sided** 710 x 778 mm
- made of recycling material
- strengthend with 3 flat bars
- load capacity: 150 kg

shelf loose version	E70A23RCF39005

rolltainer® ADB BASIC

- **dimensions 3-sided up to 500 kg load capacity:**
  724 x 815 x 1800 mm / interior: 660 x 775 x 1610 mm
- **dimensions 4-sided up to 500 kg load capacity:**
  724 x 815 x 1800 mm / interior: 660 x 750 x 1610 mm
- **dimensions 5-sided anti-theft container up to 500 kg load capacity:**   724 x 815 x 1810 mm / interior: 660 x 750 x 1585 mm
- large storage space for your products
- flexible arrangement of the intermediate shelves possible every 50 mm
- plastic base made of recycling material
- with two swivel and two fixed castors ø 108 mm
  wheel center: polypropylene
  tread: polypropylene
- side panel, back wall, door and roof made of ø 22 mm round tube with infill 50 x 50 x 4 mm
- surface: galvanized blue

3-sided	KAD3A90051600C0Z101RC
